

# WHO IS MY NEIGHBOR?

# WHO IS MY NEIGHBOR?

# WHO IS MY NEIGHBOR?

## Block Grid

In this middle of this chart is your home. Now, using the homes closest to you, in all directions, fill out what you know about each neighbor:

A. Write the ***names of the people who live in that home.***

- First and last is great, but if it is only first names, start there!

B. Write down ***relevant information about each person ...*** something you couldn't see just by standing in your driveway!

- Not the color of their car!
- What is their occupation, where did they grow up, what are their hobbies, etc.

C. Write down some ***in-depth information you would know after connecting*** with people!

- For example ... Career plans, are they desiring to start a family, what are their beliefs, what motivates them, etc.
